

## Controls On Arms Obstacle

Views of U. S. and Russia Vary on Inspection and Enforcement

LAKE SUCCESS, N. Y., Dec. 10.—(AP)—Conflicting United States and Soviet Russian views on setting up inspection and control organizations regulating arms control were reported authoritatively today to be the lone obstacle to completion of a proposed resolution of world-wide disarmament.

The drafting committee charged with framing the resolution went back into session this morning, after working until last midnight. The sub-committee named by the political committee to consider disarmament proposals was called to meet later.

An informant who would not be identified said the United States desired that the general assembly in its disarmament resolution leave a free hand to the security council in setting up the inspection and control organizations. The United States, it was said, does not desire that the resolution lay down specific decisions on the number of organizations or their names.

**Soviets for Commission**  
This source said Russia has insisted that the resolution specifically provide for a commission for controlling the execution of decisions taken on the reduction of armaments and a second commission for controlling the decision on prohibiting atomic energy for military purposes.

The United States was said to feel that the security council should have a free hand in order to set up more than two commissions if it was found to be necessary.

Both the United States and Russia are agreed that there shall be no veto within the commissions, that they shall work by majority decisions on their day-to-day tasks. The veto will remain in the security council, however, as that body has the final say on any sanctions that might be voted as a result of any violations discovered by the control commissions.

**Permanent Proposal**  
The sub-committee was driving hard for an acceptable resolution on disarmament. A number of the delegates felt that the disarmament proposal is the principal concrete matter that this assembly has yet considered.

An unofficial survey of delegates indicated today that the United Nations assembly would override Russian opposition to an international inventory of armed troops at home.

At the same time, Great Britain appeared certain to lose its fight to set up a U. N. inspection board to verify figures submitted by member nations in the troop inventory.

The assembly was scheduled to meet in plenary session at 3 p. m. (C. S. T.) today at the Flushing Meadow Park to resume debate on the troop census proposal. Russia announced early yesterday she would oppose the inclusion of home forces in the inventory.

## Eleven-Year-Old Guilty Of Murder

HARRISONVILLE, Va., Dec. 10.—(AP)—Eleven-year-old Arthur Lee Whetzel who said he pushed a five-year-old playmate off a bridge to her death in the Shenandoah river because he was "mad at her" was convicted of second degree murder Monday in Rockingham county court and sentenced to seven and a half years imprisonment.

The sentence was handed down by Judge H. W. Bertman after defense counsel waived jury trial. The boy was turned over to the state department of public welfare as is the Virginia custom in the case of extreme youth of convicted persons.

## Bothwell Hospital Notes

Mrs. Paul Mayers, Route No. 2, Sedalia, admitted for surgery.

Steve Fisher, 1206 East Fourteenth street; Mrs. Max Ricke, Ionia; and John W. Moon, Hughesville, dismissed.

E. C. Bunch, Route 1, Sedalia, admitted for surgery.

Wendell McKee, 1300 South Montevue avenue, dismissed.

## Back to the Mines

Miners at the Coverdale, Pa., Castle Shannon Coal company mine number eight are silhouetted against the dawn sky as they, and thousands of other miners over the nation, returned to work following cancellation of the coal strike. (NEA TELEPHOTO)

## Joseph Cable Was Burned Severely

### Explosion and Fire At Schien Truck Lines Garage

One man, Joseph Cable, was severely burned and another suffered slight burns on both hands at 9:10 o'clock this morning when fire broke out in the garage of the Schien Truck Lines, 416 West Main street, causing approximately \$500 in damages.

Mr. Cable, who resides at 805 West Main street, a mechanic employed by the Schien company, was overhauling the motor of a truck in the garage adjoining the office when some cleaning fluid being used spilled and struck a wire guarded light causing the bulb to break. A spark from the explosion of the light bulb ignited the cleaning fluid in a bucket and it flared up in flames.

Cable picked up the bucket and started to take it outside of the garage. On the way some of the flaming fluid splashed on his trousers, setting his clothing afire. Dropping the bucket he ran outside of the garage where he was thrown to the ground by Warren Alcorn, route 4, Sedalia, another Schien employee; W. A. Hamilton of the Hamilton Motor company and an employee, Wilbur Rayl, 1307 South Kentucky avenue. The three men tore off Cable's burning right pant leg and smothered the fire on the rest of his clothing.

**Burns Very Severe**  
The Gillespie ambulance took Cable to the Bothwell hospital where he was attended by Dr. J. W. Boger. Dr. Boger stated that Cable suffered second and third degree burns on the entire right leg from the ankle to the groin. Second degree burns were on both wrists and first degree burns covered his whole face with the exception of a second degree burn on the right cheek. Dr. Boger also said that his patient had undergone a severe case of shock but as a whole his condition was satisfactory.

**Alcorn's Hands Burned**  
The hands of Warren Alcorn were burned slightly while assisting in extinguishing the clothing of Cable, but he did not seek medical attention.

Warren said that at the time he was working in another part of the garage, separated from Cable's section by a partition. There was the sound of a light bulb breaking and a short time later a sheet of flame shot through the door of the partition. He ran outside and saw Cable trying to beat out the flames in his clothing.

**Fire Companies Called**  
Hamilton and Rayl were in the Hamilton Motor Company building, 500 West Main street, when they heard someone yell "Fire!" Hamilton told an employee to call the fire department and an ambulance. The two men ran over to the Schien garage where they and Alcorn extinguished the fire in Cable's clothing.

William A. Schien, manager of the truck line, estimated the damage to be in the neighborhood of \$500. The burning of four truck tires was said to comprise most of the loss. Slight damage was done to the garage and office by water and smoke.

**Strike-End Casualty**  
PEORIA, Ill., Dec. 10.—(AP)—Because of the coal shortage, the Peoria board of education decided last Friday to close down all schools, starting this week.

With the end of the coal strike, schools were resumed. That led to another cancellation—the Peoria teachers' party scheduled for last night. The teachers didn't want the party to interfere with work.

## The Weather

Central Missouri: Partly cloudy and cool tonight and Wednesday. Lowest tonight near 40.

Temperature: 7 a. m., 46 degrees; 3 p. m., 52 degrees.

Sunrise, 7:24 a. m.; Sunset, 4:54 p. m.

Lake of the Ozarks: 1.9; no change.

## Harry Farbman Guest Violinist

Harry Farbman, concert master of the St. Louis Symphony orchestra, will be the guest artist at the concert to be given by the Sedalia Symphony Orchestra at 3 o'clock Sunday afternoon, December 15, in the auditorium of the Smith-Cotton high school.

An outstanding violinist, Mr. Farbman will present a program which will delight his audience. His accompanist will be Edith Schiller.

The Sedalia Symphony, directed by Abe Rosenthal, will have a program of varied selections, including in which will be Jupiter Symphony (Mozart) and Theme from Warsaw Concerto (Addinsell).

## Be Survey for Health Needs

### Advisory Body Is Appointed by Gov. Donnelly

JEFFERSON CITY, Dec. 10.—(AP)—A new hospital advisory council to survey Missouri's public health needs was appointed today by Gov. Phil M. Donnelly in line with legislation passed earlier this year.

On the seven-member board, subject to senate confirmation when the senate meets Thursday, are:

Ray F. McCarthy of St. Louis county, former director of group hospital service of St. Louis for ten years; Dr. Emmett F. Hootor, superintendent of the Farmington state hospital; Nell Morgan of Independence, president of the Missouri State Nurses' association; L. O. Wallis of near Springfield, president of the Producers' creamery and a member of the Missouri Farmers Association executive board; Mrs. Paul Palmer of Ethlyn, member of the state farm bureau's board of directors and chairman of the bureau's health committee; O. V. Jackson of Rolla, who has been active in civic affairs, and Everett Johns of St. Joseph, architect and member of the state board of registration for architects and professional engineers.

The board is directed by law to work with the state health division in developing a long range hospital building program for the state. It was designed to provide a way for Missouri to participate in federal aid hospital programs.

Passage of the advisory board legislation was preceded by a bitter fight in the 1945-46 assembly over a proposal to set up a four-year medical school in Kansas City. When that plan fell by the wayside, the hospital study bill was pushed by its sponsors as a partial answer to rural Missouri.

## Corn Loans Made At \$1.12 a Bushel

Government corn loans will be available to Pettis county farmers at a rate of \$1.12 per bushel, James A. Harvey, chairman of the Pettis County Agricultural Conservation Committee announced today.

"The nation's corn supply almost equals that of 1942, but there is considerably less livestock on farms now than in 1942," Harvey said. "Should the large corn surplus push prices down too far, the corn loan will be the farmer's protection. With a corn loan, each Pettis county farmer can be sure of at least \$1.12 a bushel for his crop."

The basic operation of the corn loan program will be the same as in recent years. Each individual who either produced corn or has a share in corn produced this year, is eligible for a corn loan.

"The 1947 corn loan program offers price support for a longer period of time than past corn loan programs," Harvey added. "Government loans on 1946 corn will be available through next July, whereas last year loans were available only through May." Loans will be available on ear corn from December 1, 1946 through July 31, 1947, and on shelled corn from June 1 through July 31, 1947.

## Cause of Hotel Blaze is not Yet Known

### Charred Mattress In Hallway Found In Investigation

ATLANTA, Ga., Dec. 10.—(AP)—Definite cause of the devastating fire which took 121 lives in the Wincoff Hotel Saturday may never be established, city fire marshal Harry Phillips told an investigating city council fire board last night.

But, he said, a careless cigarette smoker under the influence of alcohol may have started the fire. Liquor bottles were strewn around many of the hotel rooms, he added.

So far the investigation has pointed to a charred mattress in a third floor hallway as the possible starting point, Phillips and Fire Chief C. C. Styron said.

Two occupants of the room nearest the mattress were found by told investigators they were asleep and were unable to tell anything of the blaze's origin.

A. C. Hutson, assistant chief engineer of the National Board of Fire Underwriters, told the board the fire probably started in the mattress but that "you are guessing at the cause unless there was someone there to see it."

Grand jury foreman Henry Chandler said he would use information gleaned from scores of investigators for a grand jury inquiry today.

Meanwhile, 117 bodies have been identified. Three bodies of young women, charred and mutilated beyond recognition, remained nameless.

Of the 100 injured, 49 still are under treatment in Atlanta hospitals.

Mrs. Annie Lee Irwin, owner of the hotel, said it would be rebuilt "with every safety device required or recommended."

## New Egyptian Cabinet Is Set Up

CAIRO, Dec. 10.—(AP)—Mahmoud Fahmy Nokrachi Pasha, named premier for the second time within 10 months, set up a new Egyptian cabinet today in the midst of negotiations of a treaty touching on British, Egyptian and Sudanese interests.

The 12-man cabinet gave equal representation to Nokrachi Pasha's Saadist party and the liberal constitution party, which together command a majority in the chamber of deputies. Nokrachi himself took the foreign affairs and interior portfolios.

## 'Offensive Power Far Ahead'

By Hal Boyle  
NEW YORK, Dec. 10.—(AP)—An American fleet commander who has organized more amphibious landings than any man in history sees no immediate possibility of war because "the offensive power of each big nation is far ahead of its defensive power."

"And that is no more paradoxical," said Vice Admiral Daniel E. Barbey, "than to say that two men with revolvers aren't likely to start shooting if each knows in advance that he is going to be badly hurt or killed."

This 56-year-old veteran of 63 landings in the Pacific has no illusions about the price of another large-scale war. He thinks that "until there is established some central world authority that can safeguard our security" military muscle is our best guarantee against any sudden overwhelming knockout blow.

"A world war of the future will be far more calamitous than those in the past," said Barbey, commander of the Fourth fleet, in an interview aboard the battleship North Carolina. "The victor will suffer but slightly less than the defeated. War must be eliminated."

He thinks the keystone to more war or permanent peace lies in "the desire of all nations for two things: To maintain their own way of life—that includes their political systems—and to safeguard their security from foreign menace."

A peace program which extends all countries these fundamental

## Get Evidence Against Group In Georgia

### Action May be Taken on One In Southland

ATLANTA, Dec. 10.—(AP)—Attorney General Eugene Cook said today that the state of Georgia had obtained evidence for criminal charges against several members of the anti-Negro, anti-Jewish, Columbians who sought to establish a Nazi-like government in the United States.

In a formal report to Governor Ellis Arnall, Cook summarized statements of state prosecutors and former members of the organization which he said would show that Columbians "through its officials and agents:

"1. Systematically plan to intimidate and injure members of minority religious and racial groups.

"2. Conspire to bring about the arrest of innocent Georgia citizens on false charges.

"3. Have arrested Georgia citizens.

"4. Assemble a private arsenal of deadly weapons.

"5. That Homer L. Loomis (Columbian secretary), Emory Burke (Columbian president) and Ira Jett, as a consequence of a conspiracy between them, planned the bombing and did bomb a home at 333 Ashby street, in the city of Atlanta, Fulton county, Georgia.

"6. Corruptly influence the behavior of minor youths in such a way as to incite them toward the commission of crimes against the state of Georgia.

"7. By force, threats, duress and intimidation, have restrained home owners in Fulton county from the full and proper enjoyment of their property.

**Attention to Governor**

Cook called the governor's attention to statements of Loomis and Burke which he said would "show that their announced purpose, whether it is within the range of possibility or not, is to create a state of insurrection and to with force and arms suppress the rights of Georgia citizens."

"It is very evident from the information and documents we have in hand that the philosophy and objectives of the Columbians are taken almost without change from the Nazi ideology," Cook's report said.

"We are able to supply evidence to show that at least three of the leaders of the Columbians have direct connections with persons of Nazi ideology and connections."

Assistant Attorney General Dan Duke reported that with the aid of Prof. Sheldon, who sent under cover agents to Atlanta, he had developed evidence linking the Columbians with Nazi organizations in New York, Canada and England.

Two of the representatives of Dr. Sheldon's organization operating in Georgia were Mario Buzzi and Renee Forrest, the latter a well known woman. Duke said that before the anti-Nazi league representatives left New York they obtained information concerning "a well known Fascist leader" which upon arrival in Atlanta enabled them to obtain immediate entry into the Columbian organization.

Cook said Loomis and Burke "have a definitely laid plan to establish colonies in the Columbian in both Indiana and Oklahoma at this time."

**Turns State Witness**

Two Atlanta young men, describing themselves as "former suckers" who were active in the Anti-Negro Columbians, Inc., told state prosecutors today a story of how the organization sought to establish a Nazi like government.

## New Spare Sugar Stamp Jan. 1

WASHINGTON, Dec. 10.—(AP)—The agriculture department today announced civilian sugar allocations for the coming January-March quarter which will allow no increase in consumer and industrial user ration levels during that period.

Earlier OPA announced that a new consumer spare ration stamp for five pounds of sugar will be made valid on January 1, and will be good through April 30. This replaces the current stamp, expiring at the end of the year.

The agriculture department's allocation announcement said it appears "unlikely that any increases in rationing will be made prior to April 1, 1947, when the size of the crops will be more definitely established and sugar shipments from Cuba and Puerto Rico will be arriving in substantial volume.

The department said the slight increase is accounted for by an increase in population and a higher rate of use by industrial users, many of whom are now on a rate of 60 per cent of 1941 base use as contrasted with 50 per cent last year.

An additional ten pounds per person was allowed in 1946 for canning.

OPA also said that industrial sugar allotments for the first quarter of 1947 will remain unchanged from the last quarter of 1946.

Secretary of Agriculture Anderson said last Friday that barring "unpredictable disasters," the quotas of industrial users will be increased next year by 10 per cent of the quantity they used in 1941.

## Study Revision Of Labor Laws

### C. M. Clifford Won't Discuss Work He is Assigned

By Ernest B. Vaccaro

WASHINGTON, Dec. 10.—(AP)—President Truman turned today to Clark M. Clifford, his youthful special counsel in a search for labor law revisions aimed at forestalling future economy strangling strikes.

Specifically, the chief executive is said to want written into law a clear concept of labor responsibility to the people and the government.

Mr. Truman assigned Clifford to the task of coordinating information and recommendations from the White House from virtually every federal agency as well as from wide segments of industry and labor.

Clifford, a former St. Louis lawyer, played a key role in the administration's coal strike strategy which brought John L. Lewis to his knees last Saturday.

**Not Discuss Work**

Clifford would not discuss his work, but other officials familiar with his assignment said he is carrying the major load of the preliminary work on Mr. Truman's "state of the union" message to be submitted to the new Republican controlled congress.

"These officials, asking not to be quoted by name, said the president's labor proposals are yet to be formulated and that speculation as to their nature would be "premature."

One highly placed friend told a reporter:

"The president is making a complete survey and study now. When it is completed, he will, as usual, call in all government officials who would be concerned with the administration of any phase of the labor program and discuss it with them as well as with congressional people."

"He doesn't want punitive legislation. What he would like to have written in the law is a clear concept of labor's responsibility to the people and the government."

Clifford's work on labor legislation is only a part of the over all study dealing with all phases of the legislative recommendations which will go to congress about January 6.

In view of the epidemic of strikes during the past year, however, widespread interest has been aroused in what new approach to the problem the White House may propose.

## Aid is Given In Fight on Tuberculosis

Twenty-five families in Pettis county have been visited by Miss Reba Gum, county health nurse, because of tuberculosis or tuberculosis contact, and eighty-five x-rays have been given this year. All of this has been given families unable to pay through the Pettis County Tuberculosis Association which is financed through the sale of Christmas seals.

There are at present seven patients in the sanatorium at Mt. Vernon as Pettis county patients. Follow-up x-ray checks are made after the patients return from the sanatorium. Suspect cases include diagnosis and a great deal of work is done on contact cases.

Every Christmas seal purchased helps to carry on this work and to prevent the spread of tuberculosis in your community as well as throughout the nation.

## Rotary Had Fireside Meet On Monday

### Anniversary is To be Held on Monday, Jan. 13

A fireside meeting of the Rotary club was held Monday night at the home of Z. Lyle Brown, 819 West Fourth street, with thirty-nine members present.

It was presided over by Mr. Brown.

An announcement was made of the Silver Anniversary program which will be held at 6:30 o'clock at St. Patrick's hall on Monday evening, January 13, by Don S. Lamm, chairman of the program. Appearing on the program will be Shields R. Smith, a past president of Rotary.

John G. Schlaffer led the discussion of the Fellowship committee, Fred Brink of the Membership and Classification committee, and Lum Edwards, the Attendance committee.

The obligation of Rotary was given to F. M. Storey by Guy Peabody.

**Appreciate Publicity**

W. D. Smith, chairman of Public Information, discussed the more important parts of publicity laid down by the Manual of Procedure of Rotary International. In conclusion Mr. Smith offered a resolution which was unanimously accepted, expressing the appreciation of the Rotary club for publicity received through the Democrat-Capital.

Those attending the meeting were: Lawrence Barnett, B. B. Bess, Nolan Bricken, Fred W. Brink, Harry Brougher, Lawrence J. Brown, Z. Lyle Brown, Frank W. Bryant, Dr. J. E. Cannaday, Jacob F. Deck, James T. Denny, Forrest L. Drake, Elwood A. Edwards, Victor Eisenstein, H. R. Harris, Alvin C. Heynen, A. M. Hoffman, Hull Scudder, William E. Hurlbut, Jr., R. M. Johns, Dr. Roy M. Keller, Rev. J. Fred King, F. W. Koenig, D. S. Lamm, Kirk P. McCarty, John C. McLaughlin, J. U. Morris, G. W. Peabody, Lee H. Peabody, Dr. W. S. Pearl, N. U. Renshaw, Roscoe M. Ryckman, John G. Schlaffer, Alvin A. Schultz, W. D. Smith, W. O. Stanley, Floyd M. Storey, E. W. Thompson, Ashley B. Wade and Dr. A. L. Walter.

Refreshments were served by Mrs. Brown, after which there was a community sing led by Lawrence Barnett, with Mr. Brown at the piano.

James Denny, program chairman, announced a special meeting at his home, 500 East Fifth street, on Sunday, December 15, at 2 p. m. to complete arrangements for the Christmas party for Monday night at the Bothwell hotel, which will be Rotary Ann's night.

Refreshments were served by Mrs. Brown, after which there was a community sing led by Lawrence Barnett, with Mr. Brown at the piano.

## Twenty-eight Injured When Train Stopped

NEW YORK, Dec. 10.—(AP)—Twenty-eight train passengers were injured late yesterday when a gang of boys stood 25 Long Island railroad trains near the Rego Park station, Queens, during the evening Rush hour, the road announced.

Plainclothes patrolmen and radio patrol cars went to the scene, but the boys had dispersed.

Most of the victims were cut by flying glass.

## Girl Scouts Contribute to Fund

Sedalia Girl Scouts each contributed a penny to the Community Chest Drive and presented a sum of \$10.07 to Roy Schick, chairman of the drive, Monday afternoon. Girl Scouts are shown making the presentation. Pictured left to right are: Charlene Brown, Hubbard Troop 55; Nola Witte, Senior Troop No. 4; Mr. Schick and Marilyn Patterson, Troop 59.

## Speeding Up Mines Output

Coal is Being Rushed to the Factories; Status Of Fines Issue

PITTSBURGH, Dec. 10.—(AP)—Soft coal production mounted steadily today over the nation with output already past 65 per cent of normal, and with the last groups of idle AFL miners preparing to don helmets and help revive fuel-starved industries.

The solid fuels administration reported production yesterday—the first working day after the bituminous strike ended—was about 1,500,000 tons, or 68 per cent of what it was before John L. Lewis, United Mine Workers president, terminated his union's contract with the government.

Quickening industrial activity was noted on every hand as coal again flowed from mines to factories. District production reports from Central Pennsylvania reducing about 200,000 tons daily, or 65 per cent of normal; Western Pennsylvania, 300,000 tons or 75 to 80 per cent; Northwestern Virginia, 180,000 tons, 85 to 90 per cent; Ohio, 167,225 tons, or 75 per cent, with several mines still idle, West Virginia Panhandle, all mines working; West Virginia smokeless coal region, 18,574, or 75 to 80 per cent, with a large number of idle mines.

**Fines an Issue**  
Officials said delays in holding local union meetings to ratify return-to-work orders caused some idleness. Unwillingness to work with the question unsettled of disposition of fines assessed for an unauthorized walkout resulted in other mines being closed.

Some locals still awaited official word from Lewis of the strike's end, and at other spots local grievances brought shutdown. One such isolated closing was at Marianna, Pa., where 600 miners returned home rather than work with a fellow miner who showed up wearing a hard, safety-type plastic helmet. The miners say the hats are uncomfortable, but their use is specified in the Government-U. M. W. contract. In still other cases, repairs and the need for cleaning up delayed reopenings.

Many plants said the first delivery of coal was not expected until Wednesday, but forged ahead with what fuel was still on hand.

**Back in Operation**  
In the Youngstown area, the Youngstown Sheet & Tube Co. was expected to resume normal operation. It was well along in the restoring of blast furnace and other open hearth operation.

The return to work movement was in full force at Chicago and plants hoped to return the last full-lounged worker to the payroll within a very few days. Steel mills' operating rates, expected to be at 78 per cent of this week, should return to a normal 90 per cent by next week, an industry spokesman declared.

The Pennsylvania railroad announced one group of withdrawn trains in the western region would be returned to service today and the remainder tomorrow.

In Western Pennsylvania where about 45,000 of the district's 56,000 miners were on the job yesterday, Harry A. Sutler, regional manager of the solid fuels administration, said he knew of only 16 idle pits.

**Protest on Fines**  
BALLAIRE, O., Dec. 10.—(AP)—Ohio's largest coal mine—the Powhatan, was idle today as its 700 miners quit work in protest against the \$1 a day fines imposed as a penalty for their recent strike.

The fines, averaging \$7 per man, were to be deducted from their pay envelopes by the company today. The money will go into the miners welfare fund.

Adolph Pacifico, president of District 6 of the United Mine workers, was trying to get the men to return to work. He sought to arrange a meeting at which the union members would vote on whether to return.

**Guests Routed From Rooms**  
NEW YORK, Dec. 10.—(AP)—A fire of undetermined origin routed 150 guests from rooms on three floors of the 27-story hotel Lincoln here early today.

The blaze, which broke out in an occupied room, gutted the interior of the room and sent thick smoke swirling to adjacent rooms. Firemen, who quickly extinguished the flames, directed the removal of all guests on the 13th, 14th and 15th floors to the hotel lobby. They were joined there by other guests who heard the alarm but all were returned to their rooms within a half hour.

The fire came a day after Mayor O'Dwyer instructed the city fire and housing commissioners to make frequent hotel inspections and to enforce all safeguards believed necessary for public safety. The order was an aftermath of the recent Atlanta hotel fire.

## from REFINERY to you... CONTROLLED fuel oil—

No need to be uncertain about your furnace oil if you buy it from the reliable suppliers. Cities Service quality fuel oils are made from the finest crude oils, and are rigidly tested to insure water-free qualities, cleanliness, and ability to flow at low temperatures.

## Supreme Court To Decide On Wagner Act

### Case Involves The Controversial Over Foremen's Rights

WASHINGTON, Dec. 10.—(AP)—Supreme court agreed Monday to decide a case involving the controversial issue of whether the Wagner Act's guarantee of the right to join unions and bargain collectively covers foremen.

It is a question which has been raised repeatedly in labor disputes and one which congressmen have declared will get attention when revision of the law comes under study in the new session. Some propose to ban unionization of foremen on grounds they are part of management.

The announcement came on the court's busiest day of the session. It handed down nine opinions and some 200 orders.

The major decisions:

1. Greatly expanded the condemnation power heretofore recognized for the federal government.

2. Held that the federal communications commission is the sole judge of whether licensing a radio station would serve the public interest and that the courts may not overturn FCC decisions and impose their own judgment.

Among other decisions was one voiding the conviction of Edna W. and Donald Ballard, leaders of the "I Am" religious group, of using the mails to defraud. The majority opinion, written by Justice Douglas, held that the conviction must be set aside because of "systematic exclusion" of women from the grand and trial juries which heard the case in California.

The foremen's case which the court agreed to review is an appeal by the Packard Motor Company of Detroit from a National Labor Relations Board ruling, upheld by the lower courts, that foremen may join a union of their own.

Through error, a typed list of orders given out by court attaches said the court had declined to review the case. Nearly three hours later, an official announced that was a mistake. That the case will be heard. A date for arguments will be set later.

The NLRB ordered Packard to bargain with the Foremen's Association of America, an unaffiliated union. The U. S. circuit court at Cincinnati upheld the board by a 2 to 1 decision with the majority saying that "although he (the foreman) is a part of the front line of management x x x he is an employee with reference to wages and conditions of employment."

Appealing to the highest court, Packard contended the board's decision would "throw the foremen in the union stream" and "management will never know whether the decision of a foreman was dictated by his union leanings or pressure or in the interest of management."

In the condemnation case, the court ruled the federal government may condemn public park property in the city of Cape Girardeau, Mo., for a post office building.

The unanimous opinion written by Justice Burton reversed the U. S. district court and the U. S. circuit court of appeals in St. Louis. The district court termed the choice of the site by the federal works administration and the postmaster general "arbitrary, capricious and unnecessary."

The circuit court held the government has no authority to condemn property already devoted to public use under such circumstances.

But Burton said the fifth amendment to the constitution, saying "nor shall private property be taken for public use without just compensation," recognizes a pre-existing power to take private property, simply imposing the necessity for proper compensation.

He said, too, that it establishes "the principle of the supremacy of a federal public use over all other uses in a clearly designated field such as that of establishing post offices."

The 8 to 10 opinion in the FCC case was delivered by Justice Jackson. Justice Black took no part.

Three-Year-Old Son A Defense Witness  
LANSING, Mich., Dec. 10.—(AP)—A 3-year-old child Monday was summoned into a packed courtroom as a defense witness in the murder trial of his father, accused of fatally shooting his wife.

Clayton F. Smith, 26-year-old former policeman, has testified that his son, "Butchie," accidentally killed his mother, Roxanne, 22, with a service revolver but said he later admitted the killing to clear the child.

In an open court test the sturdy little blond boy, awed by the crowd, failed to demonstrate that he could fire the revolver but a few minutes later passed the test in the quiet of the judge's chambers.

Circuit Judge Paul Eger reported to the jury that the boy picked up the gun, cocked it, and pulled the trigger three times.

"Butchie" was carried into the courtroom by his aunt, Miss Beatrice Smith. He looked around shyly, then toddled toward his grandmother, Mrs. Floyd Smith, with whom he has been living since the shooting last August 22. She stood him on a chair, and the youngster toyed with a pistol and the service revolver, then hid his face on Mrs. Smith's shoulder.

Then he was taken to the judges' chambers, where defense and prosecution attorneys and the judge repeated the test.

His father, speaking almost audibly at times, had declared that on the night of the shooting he, Roxanne and "Butchie" were in a bedroom getting ready to go to town.

"I went into the clothes closet and just as I started out I heard a bang," he said, "I saw her drop

## Automobile Workers Want \$2-A-Day Raise

NEW YORK, Dec. 10.—(AP)—Walter Reuther, president of the United Automobile Workers of America (CIO) announced that new contract negotiations would include demands for equal pay for equal work, and security and retirement clauses.

"These are not fringe demands. They are as basic as the wage demands," Reuther said after a meeting of UAW's international executive board, and looked over where Butchie was and I saw him drop the gun."

Smith testified that during the investigation he was taken to the state police post where "they wanted to know if I was going to let Butchie go through life with stigma of shooting his mother" and "they told me I was lying."

"Later he said he confessed the killing to clear his son but asserted, in a broken voice: "I was lying for my little boy."

## Under the equal pay for equal work proposal there would be no wage differential among various plants for workers performing identical services.

The security fund would be based on a three percent of payroll contribution by the employer. Although wages were not on the agenda today, reports were that a \$2-a-day rise would be demanded, increasing the average daily rate from \$10.40 to \$12.40. Reuther said

the union had received offers "as high as 10 or 11 cents an hour."

Want To Be Ready When Grass Gets Green  
Cecil Schull, 1101 South Lamine avenue, reported to police Sunday that someone stole a new

green rubber tired lawn mower from the back of his truck while it was parked in front of his home sometime the same day.

Gen. W. T. Sherman, famous Civil War leader, was a mine cook during the days of the California gold rush.

Sedalia Chapter No. 57  
O. E. S. meet in regular  
session Tuesday evening,  
December 10 at 7:30  
o'clock. Visiting members wel-

come. Annual election of officers  
for 1947.  
Mildred Coffman, W. M.  
May Highleyman, Sec'y.

#### Truck Stolen Later Found

A 1946 red Chevrolet pick-up  
truck of Ken Williams, was stolen  
about 7 o'clock Monday night and  
was later recovered at 9 o'clock at  
John's Lumber Co. The truck had  
been driven 27 miles. The police  
are making an investigation.

### Three Tiger Stars Make All-Conference

Smith-Cotton high school is  
well represented on the Central  
Missouri All-Star conference eleven-  
even, three players being chosen  
in a poll of the coaches of the  
six schools. Columbia Kewpies  
also got three places, with Han-  
nibal two, Jefferson City one,  
Kirksville one and M. M. A. one.

#### Did Much for Tigers

Calvin "Cal" Rodgers, who  
starred in the Tiger backfield  
was placed at left half back; Jim  
Egbert and Don Cook, both lan-  
dable line positions, Egbert at left  
tackle and Cook at left guard.  
These three boys did much in  
putting the Tigers through a most  
hectic season, which started off in  
a blaze of glory and ended in a blaze  
of victories in the conference.

Not a game was lost by the  
Sedalia team in the conference and  
it was the first time they were  
declared undisputed conference  
champions. Opening the season  
in less than two weeks after  
practice started they lost the first  
decision to Marshall. But from  
that game on the locals began  
their climb and by the time the  
conference contests began, they  
were "right."

Rodgers was outstanding in his  
backfield playing. Fans in the  
stands and on the sidelines could  
easily see his work, but the other  
two, down in the middle of the  
fight, little could be seen of their  
actual play, but the records show  
well they were in on nearly every  
play and most assuredly in those  
which came around their side  
of the line.

#### The All-Star Team

The team, as announced by the  
conference Monday:  
Nelson Todd, Columbia, left  
end.  
Jim Egbert, Sedalia, left tackle.  
Don Cook, Sedalia, left guard.  
John Smith, Hannibal, center.  
John Hoersch, Columbia, right  
guard.  
Gus Brown, Jefferson City,  
right tackle.  
Jim Donovan, M. M. A. right  
end.  
Backfield  
Sandy Jacobs, Columbia, quar-  
terback.  
Buddy Young, Hannibal, right  
half back.  
Calvin Rodgers, Sedalia, left  
half back.  
Claude Ranson, Kirksville, full  
back.

### Social Events

Mr. and Mrs. Roy Holman,  
Route 5, entertained at dinner Sun-  
day in honor of their twin sons,  
Floyd and Lloyd, who have been  
spending the past ten days at  
home on furlough from Camp Polk,  
La.

Guests were Mr. and Mrs.  
George Holman, Sr. and Mrs. Mrs.  
Clay Holman and sons, Nolan and  
Gerald, Mr. and Mrs. George Hol-  
man, Jr. and daughters, Marcelle  
and Jean, and sons, Karl Norman  
and Paul Lacy, Mr. and Mrs. Leo  
Holman and son, Loy Lee, Mrs.  
Ory Grimes, Mr. and Mrs. Foss  
Orrell and children, Esther, Vir-  
ginia, Lois, Eldon, and Nina Lo-  
rene, Ralph Grimes and children,

turned from overseas duty, Rev.  
Paul Clark, pastor of the Olive  
Branch church, Clay and Jack  
Blaylock, Edwin Homan and Bob-  
by Benware.

### Miss Klenklen Suffers Fractured Right Foot

Miss La Vahn Klenklen, 219  
West Fourth street, suffered a  
fracture of a bone in her right  
foot, Friday noon, when she fell  
down the front stairs of Central  
Business College where she is a  
student.

Miss Klenklen was then taken  
to her home by Donald Brown,  
906 South Osage avenue, also a  
student of Central Business Col-  
lege. The nature of the injury was  
undetermined until Saturday af-  
ternoon when Miss Klenklen was  
taken to the Bothwell hospital for  
an X-ray. Her foot was then  
placed in a cast by Dr. E. L.  
Rhodes. She returned to the home  
of her parents, Mr. and Mrs. George  
Klenklen of Pilot Grove, where  
she will remain for ap-  
proximately five weeks.

**Get Evidence  
Against Group  
In Georgia**

Continued from Page One  
ment in the United States.  
Lanier Waller, 21, of Atlanta, told newsmen he had turned state witness in the state's prosecution of the organization which is demanding a charter revocation suit.  
Waller said that both he and James Ralph Childers, also of Atlanta, had given evidence linking a Columbian leader with purchase of dynamite to blast Negro houses.  
Waller said he went with a Columbian leader "when he purchased some dynamite" and that they previously had discussed whether "to burn the Negro's house or bomb them out" of the houses in a white settlement.  
Waller said that he joined the Columbians because "I just naturally don't like Negroes." He said he withdrew from the organization when Secretary Homer L. Loomis "told me of plans to take over the country and be a dictator."  
Waller said he and Childers then "took it on ourselves to find out what we could about the organization" which had expanded into an anti-Jewish group.  
Both Waller and Childers revealed that they went to New York Dec. 2 and had exposed "all secrets" of the Columbians to Professor James H. Sheldon, administrative chairman of the anti-Nazi league.

**Be Survey for  
Health Needs**

Continued from Page One  
souri's health needs.  
The governor said he appointed two members with direct organization connections because "it's primarily a rural problem."  
Dr. R. M. James, director of the state health division, said the council would act merely in an advisory capacity and the actual survey would be conducted by members of his staff whom he would designate soon.  
He predicted a study of hospital needs would take at least nine months and it might be "a year and a half or two years" before any of the Missouri communities which have voted hospital bonds get any federal money.  
Thus far, Missouri's share of federal funds is \$37,905 for planning and about \$1,500,000 for hospital construction, Dr. James said.

**Licensed to Wed**

A marriage license was issued in Wyandotte county, Kas., to William C. Sheridan, Jr., Sedalia, and Morena M. Hill, Kansas City, Mo.

**Call for Guard  
At Milwaukee**

MILWAUKEE, Dec. 10.—(AP)—Mayor Arnold H. Kentz of West Allis said today he had asked Gov. Walter E. Goodland to call out the national guard to maintain order in the suburban city, site of recent street fighting around the strikebound Allis-Chalmers Mig. Co. plant.  
Mayor Kentz said he made his request in a telegram to the governor. Earlier at Madison, Gov. Goodland conferred with Adjutant General John F. Mullen on the strike situation, but the executive office said that no decision had been reached. The announcement added that Milwaukee county sheriff George Hanley had made no report on yesterday's disorders and had not requested the use of troops at the plant.  
The mayor's telegram said: "The infiltration of numerous strangers into the city of West Allis has resulted in illegal mass picketing to such an extent that both local and county law enforcement officers are unable to maintain law and order."  
Fifty persons, including 22 policemen, were hurt yesterday at the plant in street warfare which marked a renewal of demonstrations at the plant.

**Births**

Mr. and Mrs. J. H. Rose Jr., 700 South Stewart avenue, are the parents of a daughter weighing 6 pounds, 9 ounces. The baby was born at 11:27 o'clock Monday morning.  
Mr. and Mrs. M. C. Pempleton, of LaMonte, Mo. are parents of a daughter born at 5:25 o'clock Monday evening. The baby weighed 7 pounds and 12 ounces.

Daughter, born to Mr. and Mrs. Delbert Deare, Knob Noster, at 8:44 o'clock Monday night at the Bothwell hospital.

**Gales and Fog  
In West Europe**

LONDON, Dec. 10.—(AP)—The most destructive gales in years left wreckage, floods, snow and fog over western Europe.  
French officials sadly surveyed the damaged 951-foot ship Liberte, formerly the German liner Europa, which was deep in the harbor mud of Le Havre after snapping her moorings and gashing her side on wreckage. The French estimated the salvage would require a year or more if the ship indeed could be saved.

**Grant Liquor License**

A license to sell original packaged liquor was issued today by the county clerk to L. H. Kroencke for the Sedalia Package Store, 112 South Ohio avenue.  
**Cautious**  
TOPEKA, Kas., Nov. 10.—(AP)—L. P. Brooks, assistant attorney general of Kansas, shied away from explaining the legal ins and outs of wedlock to a prospective bridegroom, saying that caution has its limits.  
A Kansan wrote the attorney general wanting to "know all about the marriage law... and all about the divorce laws, because I never did like to get into anything I couldn't get out of."

**Back From Wadsworth**  
Reno Johnson of the St. Francis hotel has returned home from Wadsworth, Kas., where for the past two months he has been a patient at the U. S. veterans' facility. While there he underwent a noperation and for some time was seriously ill.

**OBITUARIES**

**Todd Coffman Dies**

Todd Coffman, died at his home a Route No. 1 at 2 o'clock Monday afternoon. Surviving are three brothers, John, Bill and George Coffman. Also, three sisters, Mrs. Sufia Diefendorf, Mrs. Pet Nunn and Mrs. Ruth Johnson.  
The body was brought to McLaughlin's funeral chapel and today was taken to the Hayes and Painter funeral home in Pilot Grove.

**Funeral of Mrs. Puckett**

Funeral services for Mrs. Jennie Puckett, wife of C. E. Puckett, of Windsor, were held at 2 o'clock this afternoon at the Methodist church in Windsor, with the Rev. Paul W. Antie officiating, assisted by the Rev. E. F. Dillon, of Smithton.  
Mrs. Puckett was born September 20, 1864, the daughter of F. M. and America Mounts. At the age of seventeen she joined the United Brethren church. She was married to A. J. Jones, of Bussey, Ia., in 1886, and to this union was born one son, Elmer Ernest, who died in 1938. Mr. Jones died in 1930.  
In 1940 she was married to C. E. Puckett.  
Mrs. Puckett was a member of the Windsor Methodist church and Chapter 102 of the Eastern Star, of which she was past matron.  
Surviving besides her husband are three sisters, Mrs. Bertha Hoskinson, of Moravia, Ia.; Mrs. Stella Johnson, of Blakesburg, Ia.; and Mrs. Pearl Swain, of Moravia.

**Funeral of G. W. Croft**

Funeral services for George Washington Croft, who died at his home in Clifton City early Saturday morning were held at the Gillespie funeral home at 2:30 o'clock Tuesday afternoon with the Rev. Ervin T. Kelley, pastor of the Gospel Tabernacle, officiating.  
Miss Maxine Kroenke and Mrs. Irvin Kelley sang, "Nearer, My God, to Thee." "The Old Rugged Cross" and "Sometimes We'll Understand" with Mrs. A. H. Kroenke as the accompanist.  
Pallbearers were J. J. Potter, P. J. Devine, J. G. Harlan, J. H. Potter, Lester Stone and Sherman Todd.  
Burial was in the New Lebanon cemetery.

**Funeral of John L. Hilden**

Funeral services for John L. Hilden, who died Sunday afternoon at 3:00 o'clock Wednesday morning, were held at 10 o'clock today at the funeral home of J. T. Nolan will officiate.  
The following friends will serve as pallbearers: Jack Voss, Flower Thomas, Earl Woolery, Eddie Shine, Ricey Wells and Charles Manns.  
Interment will be in the Hilden family lot in Memorial Park cemetery.

**Funeral of Jesse E. Fairfax**

Funeral services for Jesse E. Fairfax, who died at his home southeast of Sedalia on the Abell road Saturday night, were held at the Flat Creek Baptist church at 2:00 o'clock this afternoon.  
Rev. Frank C. Cook of Leesburg, Mo., officiated, assisted by Rev. Charles Murphy, Mrs. Orville Woolery and Mrs. Charles Murphy sang, "The Last Mile of the Way," "Beautiful Garden of Prayer" and "When They Ring the Golden Bells," accompanied by Mrs. Mary Watts.  
Friends who served as pallbearers were: Leo Smith, Wiley Mosier, Wade Burford, Leo Brown, Orlyn Schroeder and Ernest Martin.  
Interment was in the I. O. O. F. cemetery at Ottville.

**Supreme Court Upholds  
St. Joseph Damage Decision**

JEFFERSON CITY, Dec. 10.—(AP)—The Missouri supreme court upheld Monday a trial court finding that Willis R. Coats was entitled to \$1 compensatory and \$1 punitive damages in his libel action against the news corporation of St. Joseph.  
Coats appealed on the grounds the damages were inadequate but the court said the publishing company's prompt corrective stories were clear evidence of good faith and that the amount of damages was in the province of the jury and would not be disturbed.  
Coats had sought \$50,000 actual and \$50,000 punitive damages.

**PERSONALS**

Miss Barbara Beckmeyer, of St. Louis, returned here Sunday evening after spending the weekend with her father, Dr. W. A. Beckmeyer, Bothwell hotel.

Pvt. Charles Ramseyer, who has been spending a two weeks' furlough with friends in Sedalia, left Monday evening for an overseas depot in California. Pvt. Ramseyer has been stationed at Fort Knox, Kentucky, ever since his enlistment in September.

Miss Betty Reid, daughter of Mr. and Mrs. Joseph Reid, 410 Dal Whio Mo Court, has returned to Topeka, Kansas after spending the weekend with her parents.  
Mrs. Nelle Haackler and family, 2114 East Seventh street, spent the week-end in Kansas City and while there attended the Philharmonic orchestra concert given at municipal auditorium.

C. A. Morgan, Concordia, Kas., is spending a few days visiting his cousin, Mrs. Fannie Poland, and family, 909 South Ohio avenue.

Dr. and Mrs. A. M. Garton, Chanute, Kas., who visited with Dr. Garton's parents, Mr. and Mrs. J. M. James, 506 West Seventh street, Sunday and Monday, left yesterday to return home.

J. N. Cowan, 1115 East Ninth street, went to St. Louis today to enter the Missouri Pacific hospital for a checkup.

Mrs. Lydith Putnam and daughter, Jesse, 918 South Kentucky avenue, went to St. Louis today to visit a friend, Ray Zelle, formerly of Syracuse, who is a patient at the Barnes hospital.

Miss Maurine Moore, Kansas City, is spending a few days with her parents, Mr. and Mrs. W. J. Moore, 403 West Broadway.

Mr. and Mrs. J. M. Blue, 1503 East Seventh street, went to St. Louis today to spend a few days.

**Divorce Petitions**

To petitions for divorce were filed in the office of the circuit clerk today.

The petition of Charles Lewis against Cleo Lewis stated that the couple was married September 24, 1936 and lived together until December 3, 1946. General indignities were alleged. J. H. Harned is attorney for the plaintiff.  
A petition filed by Charlotte E. Wilson against Paul L. Wilson states the couple was married January 1946 and lived together until April 1946. General indignities were alleged. John Palmer is attorney for the plaintiff.

**To Hospital Number  
Two Nursing Staff**

Miss Mary Lee Wilder, R. N., has been added to the nursing staff of Sedalia hospital No. 2.  
Before coming to Sedalia Miss Wilder was on the nursing staff at the University of Kansas hospital, Kansas City, Kas. She comes to the Sedalia hospital with a wide range of nursing experience gained while nursing at the University of Kansas hospital.

**IN KANSAS CITY**

**Knights of Klan  
Charter Revoked**  
MADISON, Wis., Dec. 10.—(AP)—A state charter granted to the Knights of the Ku Klux Klan of Wisconsin in 1925 was revoked by Judge Herman V. Sachtjen in Dane county circuit court today.  
His findings, the judge said, showed that the organization was "for no lawful purpose" and stands only for principles which are un-American, undemocratic and contrary to the letter and spirit of the constitution.  
Original action to abolish the charter was taken by the state attorney general at the request of Charles E. Broughton, editor of the Sheboygan (Wis.) Press and Grand Exalted Ruler of the Elks.  
No one appeared for the Klan.

"How long has it been since you had your oil cha....!"

You may not have bats in your engine since you last changed oil, but chances are there are other things much more dangerous hiding in the gummy muck or sludge... corrosive acids, gritty metal fragments that wear and tear the life and power out of your engine. There's only one way to clean them out. Dissolve the sludge they live in, with our patented Cisco Solvent... and make sure

your engine is really clean before each oil change. You see, Cisco Solvent, unlike mere "flushing oils" contains a special solvent, Xylol, that loosens the embedded material by dissolving the sludge and floating it out when the crankcase is drained. Clean oil in a clean engine is the most important rule in car maintenance. So why not drive in today and ask for a Cisco Solvent Treatment.

## Prestige Is Picked Up By Pres. Truman

Defeat Of John L. Lewis Contributed This, Say Politicians

By Jack Bell  
WASHINGTON, Dec. 10.—(AP)—Democrats and Republicans agreed Monday that President Truman picked up political prestige by his victory over John L. Lewis.

Senator Hatch (D-NM), a close personal friend of the President, told a reporter enthusiastically that Lewis' decision to call off the cow strike in the face of Mr. Truman's unyielding attitude "is the best break politically that the President has had."

Senator Capehart (R-Ind.), conceded that "Mr. Truman certainly has increased in stature."

However, Senator Knowland, (R-Calif.), said he thought Mr. Truman's political stock could not have gone much lower than it was on Nov. 5, when the Republicans swept the country, so it is not surprising if the President now is enjoying an upswing in popular favor.

The President's victory over Lewis seemed likely to show some tangible results in consolidating behind him the support of those Democrats who have not been pleased by his strict adherence in the past to the domestic legislative program of the late President Roosevelt.

Senator McClellan (D-Ark.), who has not always seen eye to eye with Mr. Truman on FEPC, minimum wage and other proposals, said he thought the outcome of the battle with Lewis indicated the President "has been getting some good advice and taking it."

"I have been 100 percent with him in this controversy with Lewis," McClellan told a reporter. "I hope he follows through with a legislative program that we Democrats can get behind solidly. I believe he is following the sentiments now of a majority of people."

One Democratic official who asked not to be quoted by name said he is convinced that by his firm and victorious stand in the coal case Mr. Truman has made his re-election in 1948 almost inevitable.

Some Democrats went so far as to say that Mr. Truman barring future misadventures, would be subjected to a draft if he indicates he does not want to go on in the White House.

Sedalia, Mo., Tuesday, December 10 1946 THE SEDALIA DEMOCRAT 5

## Essential Gifts Sure To Please

*Action-Traction!*

WISH EVERYTHING YOU'VE WAITED FOR

- ★ Quiet Running of Straight, free-rolling ribs
- ★ Quick-stopping safety of "action-traction"
- ★ Safer extra mileage of more natural rubber
- ★ Blowout protection of extra carcass strength

COSTS MORE... WORTH MORE

*Action-Traction!*  
RUNS LIKE THIS  
Straight, free-rolling ribs of more natural rubber run smoothly, quietly, with no "knots" to cause road-pounding. No sway on sharp curves. Easy steering. Non-cupping. Slow, even wear... Longer mileage.

*Action-Traction!*  
STOPS LIKE THIS  
Apply the brakes and—INSTANTLY—ACTION-TRACTION goes to work, gripping any road surface with a multi-squeegie tread. On wet roads, the "squeegie" tread sweeps the water ahead... cleans a dry track for a quick, straight stop.

LADY ATTENDANT

In selecting a monument there are many things to consider. The appropriate amount to invest, the size, material, texture and color, and its appearance in relation to other monuments located near it. It is quite a study and one you may wish to ponder without being influenced. This is the kind of assistance we offer. We have many designs in every price group.

Call on us without feeling obligated to buy. We always welcome value comparisons.

public funds. Nevertheless he has long got away with more nepotism than almost any man in America. Here is the roll call of the Lewis family supported at one time or other by the dues of the miners:

John L. Lewis, president \$25,000, plus expenses.  
Denny Lewis, brother, head of United Construction Workers Organizing Committee, \$12,000, plus expenses.  
Kathryn Lewis, daughter, secretary-treasurer of District 50, \$10,000, plus expenses.  
R. O. Miller, brother-in-law and manager of UMW building at Springfield, Ill., \$10,000.  
Ann Miller, daughter of R. O. Miller, UMW stenographer \$3,000.  
William Thomas, cousin, manager of UMW building in Washington, D. C., \$10,000.  
J. R. Bell, brother-in-law, controller of District 50, \$10,000.  
Ray Lewis, brother, sec-treas. District 17 at Charleston, W. V., \$10,000.  
Herbert Bell, brother-in-law, District 50, \$8,000.  
Margaret Lindig, sister-in-law of Denny Lewis, UMW stenographer, \$6,000.  
Hannah Carr Lewis, sister-in-law, bookkeeper District 12, at Springfield, \$6,000.  
Floyd Bell, brother-in-law, estimated income over \$40,000 a year.  
Floyd Bell derives his \$40,000 from the National Surety Corporation which the Lewis family reorganized from the National Surety Company when the latter went broke in 1932. The corporation bonds all officers in the International union, the districts, sub-districts, and locals.

Thus, the take of the Lewis family adds up to the grand total of around \$150,000—all from miners' dues.

## Government by Crony

Unknown to the general public, a new system of government has developed inside the White House. By those who have seen it work, it is nicknamed "government by crony."

This means that President Truman almost never makes a decision now without benefit of cronies. The Missouri boys come in and make it for him. They are almost afraid to let him out of sight for fear he will make an important move. When a White House visitor is too tough, they even escort him into the inner sanctum and dominate the conversation to make sure that Truman decides things their way.

This is what happened when housing administrator Wilson Wyatt, former mayor of Louisville, Ky., called for a showdown on homes for veterans. As he walked into the president's office, Clark Clifford of St. Louis was virtually tugging at his right arm, while war reconvert John Steelman of Arkansas was on the left. Both did so much talking that Wyatt had little chance to state his case.

Steelman outlined the Truman position that housing must be treated within the scope of a general decontrol program. Truman said he agreed with this view; asked Wyatt if he would stay on with limited powers. Wyatt, who once had been urged and implored by Truman to sacrifice a new law practice in order to do an all-out job, declined.

"Mr. President," he said, "I still believe there's an emergency in veterans housing and it can't be met by ordinary measures. We've got to continue controlling raw materials. We've got to use government funds to back up FHA mortgages and we've got to loan money for the pre-fabricated manufacture of homes on a war-time basis."

"If we do that, I'll stay. If we don't, I can't," concluded Wyatt. Truman, who a year ago had instructed Wyatt to tackle the housing crisis with the same vigor that the government prosecuted the war, replied that he couldn't agree with Wyatt's views. Wyatt then announced his resignation and left the room.

## Housing Report is Suppressed

Another chapter in the new White House system of government by crony occurred when

# CALL ME LIZ

by Rene Ryerson Mart Copyright, 1946, NEA Service, Inc.

THE STORY: Elise decides to accept Russell's proposal of marriage after all. Instead of waiting for his return, she writes him.

XVIII  
RED and Russell were up early. They packed their bags and took the road south to Colorado Springs.

"Pike's Peak or bust," Russell quoted facetiously, trying to break the awkward silence between them.

"Yeah," Red rejoined glumly. The top of the convertible was down and a cold wind slipped around the windshield and slapped at their faces. But neither one of them felt in a holiday mood after the unpleasantness of the night before.

It happened quickly. In a split second, a split second that seemed to hold all eternity. The other car turning suddenly out of an unexpected crossroad directly in front of them. Russell's frantic yanking at the wheel as he tried to squeeze his own car behind the other. The sickening lurch of the convertible as the right wheels slipped off the shoulder of the road and spun for a moment in the free gravel. Then the skid straight into the side of the other car.

Russell's first returning impression was of a weight on his chest that made it difficult for him to breathe. He moved a little and it was better. Thoughts began to tumble back into the vacuum that was his mind and with thought came the urgent necessity for action. He scrambled to his feet and looked around.

His eyes turned first to the bright light that was flaring in the road above him and he saw that it was the other car burning. In that first moment he knew there was nothing he could do for its occupants whoever they might be.

Knew, too, how much he had to thank his flight training for. His last instinctive action before the

Republican member of congress. The news reaping the harvest. History will probably show that the beginning of the terrible depression of 1948 actually started in the summer of 1946 when the above named alliance threw wage price stabilization overboard. Lewis, of course, wanted to kill wage stabilization because he knew that his powerful union could go out and get wage increases that teachers, white collar workers, government employees, farm labor, GI's trying to get through college on fixed allotments and widows living on insurance could not get.

The jump in prices since the real end of OPA last June is exactly like the fictitious jump in prosperity when Andy Mellon reduced upper bracket taxes after World War I and let the little fellow shift for himself. It is significant that the stock market began to soften up immediately after the end of OPA. The wise guys in Wall Street knew something was wrong, that the tremendous profits of industry were too good to last, that real wages (based on buying power) were slumping while prices were zooming.

Sound prosperity comes when buying power is up and prices are within a range. Unfortunately, Lewis' strike only stagnates industry, cuts down production, makes goods more scarce, shoots prices higher and makes inflation and subsequent depression all the more certain.

**Milwaukee Politics**  
Representative Thad Waselewski, lame-duck Democrat from Milwaukee, called on the president last week to tell him he thought Truman's decision last May to keep hands off the Allis-Chalmers strike was right.

"You'd have as much trouble as you're having now with John Le-

ing to be all right. His worst injury is that cut on his leg. It will take a little time to heal." After a few moments he added: "You two were lucky. The other guy's dead."

It seemed a long time before he took the needle and tube from Russell's arm, swabbed the place where it had been and stuck on a small adhesive plaster.

"All right, you can get up now. The nurse will take you in and put you to bed."

Russell started to protest and the doctor grinned:

"... until you get a good meal under your belt. It's the customary procedure. We don't want you folding on our hands. And don't worry about your friend—he's going to be fine."

At that Russell submitted with as good grace as he could muster. The bed was white and the sheets smelled fresh. The nurse left him to undress and disappeared to come back carrying a heavy tray of food.

"Doctor's orders," she said. Russell managed a smile. "I'll be a good boy and eat it all if you'll do one thing for me."

"What?"  
"Get me a telegraph pad."

She nodded her head. "All right—I'll see about it."

Russell ate the soft-boiled eggs and the heap of buttered toast and marmalade. He emptied the pot of his thick rich coffee. He lay there feeling fine. He kept on feeling better and better by the minute.

What a fool he had been. All that rot about not wanting to live. Why, it was wonderful to be alive! He knew it now. Had known it ever since that long moment when the crash seemed inevitable.

What if Elise didn't love him. And wouldn't marry him. There had been other girls in his life before Elise. And there would be again. Some day he would find the right one.

In the meantime it was enough just to be alive.

He began to write a message on the telegraph pad which the nurse had brought back to him.

(To Be Continued)

crats rolled up 45,000 for Bob-twoicz and 38,000 for Waselewski or a total of \$83,000.

Great Britain, not the United States, is the largest creditor nation.

Four to eight quarts of milk a day, for 10 months or longer will be given by a good milk goat.

**Next best thing to a new Buick**

EVEN a Buick engine wears eventually, but our factory-built "Power Package" is really a new Buick engine—makes your '37, '38, '39, '40, '41, or '42 Buick hit the road again like a new car. You'll probably be surprised at the cost—it's much less than you'd guess. Come in and let us tell you about it. We can arrange easy payments to suit your budget.

And you'll find this engine unit much more economical and satisfactory in the long run than part-by-part replacement. One operation, and you drive out of our doors in your faithful Buick that will now give new Buick engine performance!

## Pat McKee of Hollywood To Referee

Lopez to Meet Ray Villmer; Graham to Wrestle McGinnis

WRESTLING SCHEDULE  
Main Event  
Vincent Lopez vs. Ray Villmer  
Mexico City, Mex. vs. St. Louis  
2 falls out of three, 90-minute limit.  
Semi-Windup  
Roy "Cowboy" Graham vs. Terry McGinnis  
Da. as, Texas vs. Columbus, O.  
2 falls out of three, 45-minute limit.  
Special Event  
Frank Hewitt vs. Bobbie Roberts  
Toronto, Canada vs. Helena, Mont.  
1 fall with a 30-minute time limit.  
Place: State Guard Armory.  
Time: 8:30 p. m., Tuesday.  
Referee: Pat McKee, Hollywood, Calif.

Proceeds derived from tonight's wrestling show at the State Guard armory, sponsored by the Pettis County Post No. 16, American Legion, are to be turned over to the building committee of the Legion. The money is to be used to either purchase or build a building for the veterans organizations. The matches tonight will start at 8:30 o'clock. Topping the card will be the main event in which Vincent Lopez, Mexico City, meets Ray Villmer, the whirlwind from St. Louis. Everything will go in this match (so say the promoters) and the Texas Rules will be followed.

Supporting the main show will be a semi-windup in which Roy "Cowboy" Graham of Dallas, Texas, will tangle with Terry McGinnis, the Irishman from Columbus, Ohio. This match is anticipated as being one which the fans will really get warmed up on. McGinnis declares he will not take anything off Graham, that he can't return doubly. In the special event Frank Hewitt, Toronto, Canada, will meet Bobbie Roberts of Helena, Mont. This match likewise can be expected to be one which will take the fans off their seats. Hewitt has displayed his ability in the "roughness" while the newcomer enters the ring with little known of him in this section of the country.

Featuring on the card will be the referee, who will be Pat McKee of Hollywood, California, who comes to Sedalia well informed on the rules of wrestling, especially those which have been presented in Sedalia. McKee is an athlete with lots of knowledge of the ring. He has appeared in numerous motion pictures and also handled a match in which Joe Louis fought several years ago.

## Hubbard Tigers to Play the Wildcats

C. C. Hubbard's Tigers play the Mexico Wildcats to open their season on their home court, Wednesday night, December 11, at 7:30 o'clock.

## Chess Club is Given Praise

A message of congratulation from M. W. Gilbert, president of the Missouri Chess Association, was received by the Sedalia Chess club and read at its meeting Friday night, December 6, at Parish Hall. Mr. Gilbert advised the members that the Sedalia club's organization had achieved results not equalled by any other club in a city of this size. Several suggestions as incorporated in his message for special events at club meetings were taken under consideration.

During the brief business meeting, the members adopted a constitution and by-laws, and welcomed a new member, G. Flores. At the next meeting Friday, December 13, at 7:30 p. m. in Parish Hall, Guy M. Snyder will demonstrate and teach the Guico piano opening to interested members. All chess players are invited to attend.

day night, December 11, at 7:30 o'clock.  
Preliminary game—Sedalia "B" team vs. Mexico "B" team.  
Coach Broadus will present to the public a fast stepping team at this time.

## WE'LL FILL YOUR ORDERS FOR NEW CHEVROLETS FAIRLY AND EQUITABLY

—even though we can't promise to fill all orders immediately

● As we've said before, "There simply aren't enough new Chevrolets to go around" today. However, we're getting our fair share of Chevrolet's current output of passenger cars and trucks. And as conditions improve—as strikes and shortages decrease and Chevrolet is able to increase its production—we'll get more and more of these fine products to deliver to our customers.

Meanwhile, we want to assure you again that, as long as shortages do exist, we'll continue to apportion our allotted share of new Chevrolets fairly and equitably among the many customers whose friendship and patronage are our most prized asset.

We thank you for your patience and loyalty in awaiting delivery of your new Chevrolet.

Our policy with regard to servicing your present car is based on the same fundamental principles of fair dealing, fair prices and fair play which govern our policy on new car deliveries. Bring your car in for service—today.

## DECLARATION OF POLICY

● PRIORITY OF DELIVERY—New Chevrolet cars and trucks will be apportioned on the basis of: essential public services, veterans' occupational requirements, priority of date in placing orders.

● PRICES—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

● TRADE-INS—No trade-in will be required from any customer who does not have a car to dispose of at the time of the original transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.

● ACCESSORIES—No customer will be asked to purchase accessories as a condition of securing delivery.

● STATUS OF ORDERS—Customers will be informed, upon request, of the true status of their orders in our files.

● NEW ORDERS—We welcome your order for a new Chevrolet at any time.
